

EXPERIENCE THE FUTURE FACTORY

Dear ladies and gentlemen.

How do you envision the factory of the future – particularly resource-efficient? Closely networked with all players in the value chain? Or even controlled by AI assistants?

Get inspired by our new newsletter issue. We open up exciting Future Factory perspectives: digitally on our website and live at events with industry decision-makers.

Best regards
Your team from ROI-EFESO

FUTURE FACTORY

Prepare your company for future changes. We name guiding principles and central elements for the design of an individual factory of the future.

INDUSTRIAL AI – THE PERFECT STORM

Leverage the expertise of TOP decision makers in Northern European industry to improve operations processes with AI. We provide strategic levers for AI development and examples for its use.

EUROPEAN MANUFACTURING SUMMIT

Take operational excellence in your company to a new level. During a joint lunch meeting we will explain how profitability and maturity can be increased at the same time.

INDUSTRIAL FUTURE DAY 2024

Expand your professional knowledge and network at our conference for digitalization, efficiency and sustainability. We present essential technologies and topics for success.

„IF YOU WANT TO ACHIEVE HIGH TARGETS, YOU HAVE TO BREAK WITH THE STATUS QUO.“

Dr. Jan-Christoph Haag, Partner / Vice President at ROI-EFESO, summarizes key insights from the «Greenhouse Gas Reduction» networking event held on Oct. 6, 2023.
