

BACK TO SQUARE ONE - ONLY BETTER

Mastering realignment and achieving long-term success

Industrial companies today have many opportunities to actively shape their future. Success requires clear priorities, sound decisions, and consistent execution - as well as the courage to leave familiar paths behind.

When charting a new course, how can companies rebalance cost and performance, harness the full potential of technology, and embed change sustainably across the organization? In this issue of our newsletter, discover practical insights and inspiring solutions from a range of industries.

We wish you an informative and inspiring read

Best regards
Your team from EFESO

BECOMING THE BENCHMARK

Our new industry paper explains how industrial manufacturing companies are realigning their value creation, using Operational Excellence as a platform for transformation, and opening up new avenues for growth.

GETTING BACK ON TRACK WITH COST-OUT

Structural market shifts are putting pressure on a manufacturer of drive and linear motion technology. Learn how EFESO worked with the company to combine product portfolio optimization, fixed-cost reduction, and indirect cost improvements in one effective approach based on clearly defined scenarios.

RETHINK YOUR ORGANIZATION

What if nothing in your organization were considered set in stone? In our DIALOG interview, discover how companies are using a zero-based approach to rethink structures, roles, processes, and governance around customer value - reducing complexity, accelerating decision-making, and increasing organizational effectiveness.

MEASURE WHAT MATTERS

Determine how your company performs compared to top players across various industries. Our free industry benchmark quickly provides a clear roadmap for your transformation in key areas such as procurement, R&D, and cost optimization.
